Objet : Application for Design Lead position

Dear,

As I am currently looking for a job, I would like to offer you my candidacy for the position Design Lead.

Indeed, my profile corresponds to the description sought on the job posting for the position of Design Lead.

My training in information system engineering has allowed me to acquire many skills among those you are looking for. I have all the assets that will allow me to succeed in the role that you will entrust to me. Motivation, rigor and listening are the key words of my professional behavior.

My experience as a software development manager at Congo Astral Company and at Synergie Solution allowed me to acquire all the knowledge necessary for the proper execution of the duties of the position to be filled. Regularly confronted with the vagaries of the profession, I am able to respond to unforeseen events in complete autonomy.

Integrating your business represents for me a real challenge for the future in which my work and my honesty can be fully expressed.

Remaining at your disposal for any further information, I am available to meet with you during an interview at your convenience.

Please accept Dear , the expression of my sincere greetings.
